AL ADVANCED LOW PROFICIENCY

Speakers at the Advanced Low sublevel are able to handle a variety of communication tasks. They are able to participate in most informal and some formal conversations on topics related to school, home, and leisure activities. They can also speak about some topics related to employment, current events, and matters of public and community interest.

At the Advanced Low sublevel, speakers demonstrate the ability to narrate and describe in the major time frames of past, present, and future with some control of aspect, although their narrations and descriptions tend to be handled separately rather than interwoven. Speakers at the Advanced Low sublevel combine and link sentences into connected discourse of paragraph length. They can appropriately handle the essential linguistic challenges presented by a complication or an unexpected turn of events.

Speakers at the Advanced Low sublevel communicate with sufficient accuracy, clarity, and precision to convey their intended message without misrepresentation or confusion. Their dominant language may be evident in the use of false cognates, literal translations, or the oral paragraph structure of that language, and their discourse may contain hesitations and self-correction. However, they are able to use strategies such as rephrasing and circumlocution to maintain communication and repair misunderstanding.
